Symbols: DSNIP/FJH		<u>Action:</u> Immediate

**PURPOSE:** To inform the Office of Apprenticeship (OA), staff of an addition to the Registered Apprenticeship Partners Information Data System (RAPIDS) for the coding and recording of a new occupational title for an existing occupation:

Information Technology Specialist  
Existing Title: Network Support Technician  
O\*NET-SOC Code: 15-1071.00  
RAPIDS Code: 1132CB  
Term: 3,714  
Type of Training: Competency-based

**BACKGROUND:** State Director, Robert Laudeman, on behalf of the Lockheed Martin Corporation submitted this occupation. The IT Specialist has been recognized to meet the IT Industry demands for highly-skilled and highly-trained workers.

Since the two occupations are similar except for application within the IT Industry, O\*NET determined it did not qualify for its own separate O\*NET-SOC Code.

Suggested Work Process Schedule and Related Instruction Outlines are attached.

If you have any questions please contact Felecia Hart, at 202-693-3792.

**ACTION:** OA staff should review and retain a copy of this bulletin, including the attachment, as a source for developing apprenticeship standards and/or providing technical assistance.
