- It is the purpose of this grant to serve youth that have been involved with the juvenile justice system. However, given this is a multi-state project, ETA recognizes that states vary in the age in which youth fall under the jurisdiction of the juvenile justice system. Therefore, youth who are eligible based on their involvement with the criminal justice system within 12 months before enrollment, must also have been involved with the juvenile justice system prior to their involvement with the criminal justice system in order to be an eligible participant.
