DEPARTMENT OF LABOR

Employment and Training Administration

Grants for Workforce Investment Boards

AGENCY: Employment and Training Administration, Department of Labor.

ACTION: Notice of availability of funds and solicitation for grant applications (SGA/DFA 04–103).

Catalog of Federal Assistance No.: 17.257.

SUMMARY: This notice contains all of the necessary information and forms needed to apply for grant funding. The U.S. Department of Labor (USDOL), Employment and Training Administration (ETA), announces the availability up to $5.5 million for grants to eligible Workforce Investment Boards (WIBs) that have demonstrated successfully the ability to form working partnerships with grassroots faith-based and community organizations (FBCOs).

This grant will build upon successful ETA grants from program years (PY) 2001 and 2002 that focused on the use of intermediaries to build partnerships between FBCOs and local One-Stop systems. The WIB will develop and implement an 18 month project to encourage the formation of long-term partnerships with FBCOs that meet an unmet community need related to hard-to-serve populations, ex-offender re-integration, and employment and welfare-to-work.

This investment supports and complements the President’s High-Growth Job Training Initiative. The foundation of this initiative is the creation of partnerships to work collaboratively in the development of solutions to the human resource challenges facing our growth industries while developing maximum access for American workers to gain the competencies they need to obtain good jobs. These partnerships include the public workforce system, business and industry, education and training providers and economic development principals; this solicitation is designed to also extend the partnership invitation to FBCOs through the direct involvement of our nation’s Workforce Investment Boards.

This grant also complements ETA’s ongoing sectoral employment research and evaluations—i.e., identifying workforce needs and opportunities within a local or regional industry or cross-industry occupational group while retaining a focus on economic performance and competitiveness. FBCOs can discharge a significant community role in assisting Boards by bringing new entrants to the job market who can be trained and equipped to meet emerging and evolving industry needs. Each applicant Board will identify up to three businesses or industry sectors to collaborate with the Board and FBCOs within the local One-Stop system to provide jobs for qualified employees from the identified geographic areas.

DATES: Applications will be accepted commencing on April 6, 2004. The closing date for receipt of applications under this announcement is May 6, 2004. May 6, 2004. Applications must be received by 4 p.m. (ET) at the address below: No exceptions to the mailing and hand-delivery conditions set forth in this notice will be granted. Applications that do not meet the conditions set forth in this notice will not be honored. Telefacsimile (FAX) applications will not be honored.

SUPPLEMENTARY INFORMATION:

I. Funding Opportunity Description

A. Overview of ETA and CFBCI Initiatives

DOL CFBCI works to remove administrative and regulatory barriers that would prevent faith-based and community organizations from competing equally for federal dollars. In addition, CFBCI develop innovative programs to foster partnerships between DOL-funded programs and faith-based and community organizations (FBCOs). CFBCI educate organizations about local opportunities to collaborate with the workforce development system and about opportunities to participate in national grant programs. CFBCI also work with local government officials and administrators to integrate faith-based and community organizations into the strategic planning and service delivery processes of local Workforce Investment Boards.

Since 2001, CFBCI has worked with ETA to provide $22.1 million in grants to assist states, intermediary organizations and grassroots groups in creating partnerships between FBCOs and the One-Stop Career Center System. In addition to grants, CFBCI has undertaken technical assistance activities that are designed to help FBCOs access and partner with the $15 billion state and local workforce development system. Begun in Memphis, Tennessee, and Milwaukee, Wisconsin, the Touching Lives and Communities Pilot Program provided in-depth technical assistance to local alliances of FBCOs, elected officials and workforce development boards to remove barriers and foster partnerships at the local level. The report on this effort, Experiences from the Field: Fostering Workforce Development Partnerships with Faith-Based and Community Organizations, serves as the basis for a new nationwide effort to encourage partnerships between FBCOs and Workforce Investment Boards called the Touching Lives and Communities Technical Assistance Program (TLC–TAP). Additionally, CFBCI produced Bridging the Gap: Meeting the Challenges of Universal Access Through Faith-Based and Community Partnerships, which highlights strategies by 2002 State and Intermediary grantees to help job seekers access services through grassroots faith-based and community organizations. CFBCI also has created Empowering New Partnerships: Faith-Based and Community Initiatives in the Workforce System, which provides an overview of basic strategies for engaging grassroots organizations in the workforce system.

Through TLC–TAP, the CFBCI and ETA are creating a peer-to-peer learning network, publishing tool kits and other resource materials and hosting national conference calls on topics related to the initiative. For more resources, please visit the CFBCI Web site, http://www.dol.gov/cfbci as well as the TLC–TAP Web site, http://www.nawb.org/fbci.

B. Project Objectives

The Grantee(s) will implement, in partnership with USDOL, a project designed to meet the following objectives:

• Create new sustainable, financial and non-financial relationships with grassroots FBCOs and other partners that help individuals in targeted area transition to industries/careers that are growing locally and can offer strong career opportunities. Local intermediary organizations can be effective partners in building FBCO collaboratives when they have preexisting relationships with grassroots organizations.

• Identify specific census tract(s) (neighborhoods) with high unemployment rates and current and potential FBCO resources in those neighborhoods (resource map) to help hard-to-serve individuals prepare for and sustain employment. For example, the WIB may look for areas designated as Enterprise Communities or Empowerment Zones.

• Obtain commitments from up to three businesses or business sectors to
collaborate with the local Board, One-Stop system, and FBCOs to provide a number of jobs with long-term career opportunities and hire qualified employees from the identified disadvantaged neighborhoods. Businesses may include corporations or small-medium sized businesses, that are independently owned and operated and not dominant in their field of operation.

- Increase the capacity of the grassroots organizations to provide services and manage government grant dollars.
- Establish mechanisms to document the number of individuals from the identified high unemployment area(s) who are currently being served by One-Stop and demonstrate how this grant will increase the number of individuals using services and becoming employed.

Through this grant investment of $5.5 million, the Department intends to help approximately 2,000 people obtain or advance in employment.

C. Anticipated Announcement and Award Dates

Announcement of this award is expected to occur by June 30, 2004.

D. Funding Availability and Period of Performance

ETA has identified $5.5 million from the FY 2004 appropriation for One Stop/America’s Labor Market Information System. ETA expects to award approximately 10 to 20 grants based on the rating of applications and other factors, which may include urban/rural and geographical balance. The grant amount for each WIB is expected to range between $300,000 – $500,000. The period of performance will be approximately 18 months from the date of execution by the Department. The grant funds will be available for expenditure until June 30, 2006.

II. Eligibility Information

A. Eligible Applicants

Workforce Investment Boards (WIB) from all geographic areas are eligible to apply for these funds including:

- The state Workforce Investment Board;
- A local Workforce Investment Board; or
- Consortia of local (including rural) Workforce Investment Boards.

The WIB is expected to issue substantial subawards to eligible grassroots organizations. For purposes of this announcement, eligible grassroots organizations must be non-profits which:

- Have social services as a major part of their mission;
- Are headquartered in the local community to which they provide these services;
- (a) Have a annual social services budget of $350,000 or less, or (b) have 6 or fewer full-time equivalent employees.

The WIB may choose also to contract with a non-profit intermediary or hire staff members from the targeted community who will be able to help the WIB conduct outreach to grassroots organizations and provide technical assistance to the sub-awardees. However, a majority of the funds should be used for sub-awarding directly to the grassroots organizations.

Neutral, non-religious criteria that neither favor nor disfavor religion will be employed in the selection of grant recipients and must be employed by grantees or in the selection of sub-recipients.

Additionally, the government is prohibited from providing direct financial assistance for inherently religious activities*. Therefore, as a general rule, subawards may not be used for religious instruction, worship, prayer, proselytizing or other inherently religious activities and participation in such activities must be voluntary. (If, however, an organization receives financial assistance as a result of the choice of a beneficiary, such as through a voucher, the organization may integrate religion throughout its program.

*In this context, the term financial assistance that is provided directly by a government entity or an intermediate organization, as opposed to financial assistance that an organization receives as the result of the genuine and independent private choice of a beneficiary. In other contexts, the term “direct” financial assistance may be used to refer to financial assistance that an organization receives directly from the Federal government (also known as “discretionary” assistance), as opposed to assistance that it receives from a State or Local government (also known as “indirect” or “block” grant assistance). The term “direct” has the former meaning throughout this SGA.

Veterans Priority: In addition, this program is subject to the provisions of the “Jobs for Veterans Act”, Pub. L. 107–288, which provides priority of services to veterans and certain of their spouses in all Department of Labor funded job training programs. Please note that, to obtain priority of service, a veteran or spouse must meet the program’s eligibility requirements. Comprehensive policy guidance is being developed and will be issued in the near future.

Submission of Applications

Applications must submit one copy with an original signature and two additional copies of their proposal. The statement of work must be limited to five pages. The only attachments permitted will be agreements with or letters of support from local workforce investment boards and/or local one-stop operators. The application must be double-spaced, and on single-sided, numbered pages. A font size of at least twelve (12) pitch is required with one-inch margins (top, bottom, and sides).

1. Required contents

There are three required sections:

• Section I—application for federal assistance (SF 424A)

• Section II—budget information (SF 424B)

• Section III—technical proposal—statement of work

Section I—application for federal assistance

The SF-424A is included in the announcement as attachment A. It must be signed by a representative authorized by the governing body of the applicant to enter into grant agreement.

Section II—Budget Information

The SF-424B is included in the announcement as attachment B.

Note: Except as specifically provided, DOL/ETA acceptance of a proposal and an award of federal funds to sponsor any program(s) does not provide a waiver of any grant requirement and/or procedures. For example, the DOL/Ets circulars require that an entity’s procurement procedures must require that all procurement transactions must be conducted, as practical, to provide open and fair competition. If a proposal identifies a specific entity to provide the services, the DOL/Ets’s award does not provide the justification or basis to sole-source the procurement, i.e., avoid competition.

Section III. Technical Proposal (Statement of Work)

The Department of Labor will screen all applications to determine whether required elements are present and clearly identifiable.

1. Technical approach (description of the proposed plan and activities of WIB and its sub-grantees)–40 points

This section of the narrative provides the applicant’s strategy for creating new sustainable, financial and non-financial relationships with grassroots, FBCOs and other partners that help individuals in targeted area transition to industries/careers that are growing locally and can offer strong career opportunities. This section of the narrative should describe fully the specific needs in the population in the targeted area that the WIB and grassroots organization partnerships will address. This population may include: low-income working individuals, individuals transitioning from public assistance, individuals with disabilities, ex-offenders, individuals with limited English proficiency, and other hard-to-serve populations.

The Department expects that the WIB will subward grants for services to grassroots faith-based and community organizations and may work with non-profit intermediary organizations or hire staff who have strong relationships with grassroots faith-based and community organizations.

The proposal’s narrative should include the following:

• Describe the WIB’s strategy for resource mapping (documenting existing and potential FBCO programs and services in the identified neighborhood(s) that help hard-to-serve individuals prepare for and sustain employment). Include plans for outreach to those organizations that can help the WIB address the identified community need(s). If applicable include how your WIB will work with intermediary organizations that have existing networks of grassroots organizations.

• Identify up to three businesses or business sectors to collaborate with the WIB, One-Stop System, FBCOs and other partners to provide jobs with long-term career opportunities that will hire qualified employees from the identified disadvantaged census tract(s). The proposal should include letters of commitment from those businesses as attachments. Businesses may include corporations or small-medium sized businesses, which are independently owned and operated and not dominant in their field of operation.

• Describe what resources and services the WIB will solicit from subgrantees. Resources and services can include life skills, mentoring, adult literacy, employability skill training and customized training. Describe the methodology for competitively selecting sub-recipients. Describe how the FBCo will be used as a strategy for training individuals for the specified businesses/occupations. If you have already done so, include a description of the FBCO resources and describe how existing One-Stop resources will be used to help individuals prepare for, sustain and advance in employment. Please include the estimated percent of funding that will be subwarded to grassroots organizations.

• Describe technical assistance the WIB will provide to all potential sub-grantees in the targeted area(s) before and after grant award. This should include a description of activities to help FBCOs apply for a sub-grant award and activities to help the FBCOs understand guidelines for using with Federal dollars and implement programs. If applicable, WIBs should describe how they would use intermediary organizations or specific staff to conduct the technical assistance.

• Describe how the WIB will develop/facilitate non-financial relationships and resource sharing with grassroots non-profit organizations in the targeted area that did not receive financial subwarded.

• Describe the activities the applicant will undertake to build the...
of who is represented on the workforce

Narratives should include a description
and other partners. The narrative should
include the following.

• Submit a letter of endorsement from
the State workforce agency and from an
elected official who has appointment
authority for the WIB.

• Submit a timeline for the tasks and
activities beginning July 1, 2004.

Rating Criteria

• The unmet community need(s) and
identified census tract(s) have been well
documented and substantiated.

• The approaches and strategies for
engaging FBCOs to increase
employment opportunities for the target
population will effectively maximize
resources and significantly affect the
targeted community.

• The businesses engaged through
this grant will provide clear career
ladders for the individuals served.

• The activities associated with
outreach and identification of FBCOs
and other partners eligible for sub-grant
awards appear appropriate, reasonable
and achievable within the first months
of the grant period.

• The defined set of inter-
relationships among the WIB, FBCOs,
other partners and the local One-Stop
delivery system during the life of the
grant suggest that the grant objectives
will be successfully met.

• The number of individuals the WIB
plans to serve seems appropriate,
ambitious and achievable within the
grant period and represents an effective
use of this financial investment. The
narrative describes how the WIB’s
efforts will contribute to the overall goal
of helping 2,000 individuals obtain or
advance in employment through this
investment.

2. Past Performance—20 Points

This section of the narrative describes
how the WIB has demonstrated
successfully in the past the ability to
form working partnerships with FBCOs
and other partners. The narrative should
include the following.

• Define the structure of the WIB.

• Narratives should include a description
of who is represented on the workforce
board, specifically noting what types of
FBCOs are represented.

• Describe any current relationships,
formal (through MOUs) and informal,
with FBCOs. Describe interactions with
FBCOs both in terms of financial
(training and placement) and non-
financial (shared spaces and referrals).

• Relevant history of the WIB in
working with small organizations.
Include past experience in developing
technical assistance and developing
other organizations’ capacity for social
service delivery, competing for grants,
managing grants, and conducting
information campaigns.

• Recent history of the WIB in
working with other community
resources like TANF, private
foundations, etc., as partners in
delivering service.

• Please identify any current barriers
that exist that have prevented financial
partnerships and non-financial
partnership between grassroots faith-
based and community organizations in
targeted area and the One-Stop system
or the Workforce Investment Board.

• Please describe what actions will be
taken to address or remove those
barriers in order to allow for sustainable
partnerships. In the program plan,
describe the strategy for including
FBCOs in leadership and strategic
planning roles in the WIB. Also,
describe the role the Workforce Board
staff, One-Stop administrator and staff
will have in developing and discharging
the plan.

• Recent history of the WIB in
working with specific businesses or
business sectors to provide employment
for qualified individuals.

Rating Criteria

The Department will evaluate this
narrative based on the scope, strength,
and “record of achievement,” and the
WIB’s commitment to addressing the
barriers to partnership with FBCOs.

3. Sustainability (10 Points)

The narrative should describe how
the WIB will address issues of
sustainability past the life of the DOL
grant.

• Describe how the project will be
integrated with other WIB initiatives.

• Describe how the WIBs will
demonstrate plans for sustainability
after the DOL funding ends. Description
can include commitments of other
resources either within the WIB (i.e.,
through WIB staff committed to the
project, in kind, outreach, training
dollars committed, surplus computers
donated, etc.) or through an outside
source (i.e. private partners, foundation,
etc.).

• Describe efforts, if any, to encourage
the leveraging of state discretionary
funds to support the project.

Rating Criteria

• The Department will evaluate this
narrative based on the strength and level
of current commitments.

4. Evaluation (Description of evaluation
criteria, measure(s), outcomes and
reporting/tracking mechanisms for both
WIB and sub-grantees)—30 Points

The narrative should define
specifically how the WIB will determine
the grant’s success based on USDOL
guidelines. The narrative should
include how the WIB plans to
contribute proportionately to the broad
goals of the grant investment of helping
2,000 individuals obtain or advance
employment. The narrative should
include the following.

• Define the measurable outcomes
and other goals for both the WIB and its
sub-recipients in executing the
proposed tasks and activities. In
addition to any goals the WIB defines,
the WIB should include goals for how
many individuals will enter
employment, percent of retention over a
defined period of time defined by the
WIB, and increase in wages (advance in
employment) through this grant
investment. WIB is free to develop
additional goals for the increase in
literacy and numeracy or entrance into
higher education or attainment of GED
or educational or training certificate.

• Describe the methodology for how
the WIB will support the subawardees
and track and report outcomes for those
assisted under the sub-awards and what
responsibilities for tracking will be
shared by the One-Stop Career Centers.

• Define how the WIB will determine
its overall success in improving the
posture of the sub-recipients in
increasing their administrative capacity
to remain active in local workforce
development and compete for future
funding opportunities.

Rating Criteria

• Are the goals and objectives, and
the plans and procedures for achieving
them, innovative, worthwhile,
achievable and measurable?

• Are the methods and activities to
achieve the objectives adequately
described?

Section IV. Reporting Requirements

The grantee is required to provide the
reports and documents listed below:

Quarterly Financial Reports. A
Quarterly Financial Status Report (SF–
269) is required until such time as all
funds have been expended or the period
of availability has expired. Quarterly
reports are due 30 days after the end of
each calendar year quarter. Grantee
must use ETA’s On-line Electronic
Reporting System.

*Progress Reports.* The grantee must
submit a quarterly financial and
narrative progress report to the Federal
Project Officer within 30 days following
each quarter. Two copies are to be
submitted providing a detailed account
of activities undertaken during that
quarter.

**Section V. Review Process and
Evaluation Criteria**

A technical review panel will make
careful evaluation of applications
against the rating criteria. The review
panel recommendations are advisory.
The ETA Grants Officer will fully
consider the panel recommendations
and take into account geographic
balance to ensure the most
advantageous award of these funds to
accomplish the system-building
purposes outlined in the Summary and
Statement of work. The grants officer
may consider any information that
comes to his or her attention. The grants
officer reserves the right to award
without negotiation.

Suggested Guidelines for Workforce Investment Boards Quarterly Reporting, 2003-2005

The Department of Labor looks forward to receiving regular quarterly reports that accurately reflect your progress and accomplishments and which allow both your organizations and the Department to articulate any problem areas or areas for growth for the coming quarter.

Please use these suggested reporting guidelines to submit narrative reports on a quarterly basis. They will be due to your Federal Project Office 30 days following the completion of the quarter: Oct 30th, January 30th, April 30th, and July 30th. The Department of Labor will provide assistance to ensure that each grantee is able to use these reporting guidelines appropriate for the grantee’s specific grant project.

Sub-award Process (First Quarter or AS RELEVANT ONLY)
Please include a copy of the competition guidelines (Request for Proposal/Solicitation for Grant Applications) issued for your organization and summarize how it was structured to solicit services.
How did your organization advertise and reach out to grassroots organizations about the availability of grant funds? How did your organization ensure that outreach was broad and effective? What assistance did you offer your organization for the grant-application process? How many grant applications were received? How did your organization ensure that the RFP/SGA was structured in a way that was accessible to grassroots faith-based and community organizations? How did you design the RFP/SGA to ensure that sub-grantees had clear goals that fit into total goals of the project? How did your organization ensure that the grant peer review panels were familiar also with grassroots faith-based and community organizations? (Please note if there were any deviations from the proposal.)

Please note any challenges you had to address in this process.

Service Provision (2nd quarter)
Please restate the total goals (employment, retention, wage increase and others) for this grant investment and list what services and goals each subgrantee has inside the total goals of the grant.

2nd Quarter Forward
Please submit a chart with what has been accomplished total goals for measurable outcomes for participants and services provided for participants under this grant, including the services and outcomes for each of your sub-grantees. The chart should include the goals for this quarter, what was actually achieved, and the cumulative goals for the year.

The chart should include:
- Specific services provided through each sub-grant/amount of sub-grant;
- Number of participants who received services from sub-grantees;
- Measurable outcome achieved for program participants which include:
  - How many individuals entered employment;
  - How many individuals retained employment [for the amount of time defined by the WIB];
  - How many individuals have increased wages due to services (amount of increase);
  - How many individuals enroll in education and/or training after being served;¹
  - How many individuals receive an educational certificate;

¹ Education defined as secondary program, post-secondary program, adult basic education programs, and any other organized program of study that leads to a degree or certificate.
How many individuals increase literacy or numeracy\(^2\)

Additional Information (As is Appropriate):

- In the case of services other than literacy or numeracy, how many participants demonstrated increased knowledge or capabilities in specific skills after services (for example, in resume writing)?
- How many participants worked with mentors this quarter (as applicable to grant proposal) and what was the total/average number of hours mentors/mentees spent together?
- How many individuals served are now using One-Stop core, intensive and training services (e.g. taking classes offered through the One-Stop) who were not using the One-Stop previous to your sub-grantee referral?
- How many individuals were referred to sub-grantee programs by One-Stop?

Demographic Information

- For participants who have received services and/or achieved measurable outcomes this quarter, please indicate the following: **
  - How many are unemployed, how many were employed part time, or how many were on public assistance?

**Demographic information should be collected throughout the year but only needs to be reported on for the final report. If the demographic information is overly burdensome for a particular subgrantee to collect, the grantee may request a modification from the grant officer.

Use of Resources

In addition to listing the amount of money given to each sub-grantee and the services provided by each sub-grantee for the grant money, please list the in-kind donations or services provided by the sub-grantee to the participants in the program and the value of these donations/services. Please list any other in-kind donations used to match by your organization.

Please discuss the expected cost-effectiveness of your project in terms of the cost per participant compared to the expected benefits for these participants. Your organization might calculate the cost per participant by accounting for the cost per participant in a particular class or the amount invested in individuals receiving a variety of services from your organization. Please provide expected/approximate costs per participant for your sub-grantees.

\(^2\) Increase in literacy and numeracy must be demonstrated using Standard assessment instrument such as TABE, CASAS, AMES, ABLE.

Legal Rules That Apply to Faith-Based Organizations That Receive Government Funds

The government is prohibited from directly funding religious activity. When subgranted, these grants may not be used for religious instruction, worship, prayer, proselytizing or other inherently religious practices. Neutral, secular criteria that neither favor nor disfavor religion must be employed in the selection of grant and sub-grant recipients. In addition, under the WIA and DOL regulations implementing the Workforce Investment Act, a recipient may not train a participant in religious activities, or permit participants to construct, operate, or maintain any part of a facility that is primarily used or devoted to religious instruction or worship. Under WIA, "no individual shall be excluded from participation in, denied the benefits of, subjected to discrimination under, or denied employment in the administration of or in connection with, any such program or activity because of race, color, religion, sex (except as otherwise permitted under Title IX of the Education Amendments of 1972), national origin, age, disability, or political affiliation or belief."

Guidance for Faith-Based and Community Organizations on Partnering with the Federal Government is available with this document and at www.fbc.gov.
