SWA ISSUANCE NO. 03-02 – Change 1

SUBJECT: Availability of Implementation Funding for Data Sharing with the Social Security Administration (SSA) via the Interstate Connection Network (ICON)

1. Purpose. To announce a deadline extension for submission of Supplemental Budget Requests (SBRs) for the implementation of data sharing with SSA via ICON.
2. References. SWA Issuance No. 2-11, Unemployment Insurance Program Letter (UIPL) No. 29-02. ETA Handbook No. 336.

Background. In SWA Issuance No. 2-11, the Department of Labor announced it was facilitating an electronic data exchange between SWAs and SSA using ICON. This exchange will allow SWAs to receive social security number and pension verification while SSA will receive State claim and wage information. Each SWA was asked to prepare and submit an original and four copies of the SBR to Mr. Brad Sickles, the regional office contact, by November 18, 2002. This deadline was extended due to an unforeseen delay in getting information from the SSA. The program logic document for the Social Security Data Exchange project was not completed in a timely manner to allow SWAs to prepare SBRs.

3. Action. Each SWA should prepare and submit an original and four copies of the SBR to Mr. Sickles by January 7, 2003.

The completed SBRs should be sent to:

Brad Sickles
U.S. Department of Labor
Employment and Training Administration
Sam Nunn Atlanta Federal Center
61 Forsyth Street, S.W., Room 6M12
Atlanta, Georgia 30303

6. Inquiries. Questions regarding this issuance should be directed to Brad Sickles or Stephen Dean at 404/562-2122.

7. Expiration Date. December 31, 2002.

Anna W. Goddard
