Research Organizations Involved in the Workforce Development System

[Annie E. Casey Foundation](#)

The Foundation makes grants, funds demonstrations, provides services, delivers technical assistance and disseminates data and analyses in order to help states, cities, and neighborhoods better support children and families.

[Center for Policy Research, Maxwell School at Syracuse University](#)

CPR conducts interdisciplinary research and related activities in the areas of aging, disability, social welfare, and income security policy; domestic urban and regional issues; and public finance.

[Center for Social Services Research](#)

University of California at Berkeley's Center for Social Services Research maintains research groups focusing on child welfare, aging, health, and economic development.

[Heller School for Social Policy and Management](#)

Three centers comprise Heller's Institute for Sustainable Development: the Center for Youth and Communities, the Center for Social Change, and the Center for International Development.

[John J. Heldrich Center for Workforce Development](#)

The Center provides an independent source of analysis for reform and innovation in policy-making to identify best practices in workforce development and employment and workplace policy.

[Malcolm Weiner Center for Social Policy](#)

The Center conducts research and offers courses in the policy areas of health, poverty, human services, criminal justice, education, and labor.

[Manpower Development Research Corporation](#)

MDRC is a nonprofit, nonpartisan social policy research organization dedicated to learning which social policies and programs improve the well-being of low-income people.

[Mathematica Policy Research, Inc.](#)

Mathematica Policy Research conducts studies of health care, welfare, education, employment, nutrition, and early childhood policies and programs.

[Public/Private Ventures](#)

P/PV identifies social policies, strategies and practices that promote individual economic success, and assesses the effectiveness of these promising approaches.

[Social Policy Research Associates](#)

SPRA offers expertise in the research and evaluation of programs and policies relating to employment assistance, job training, education, and comprehensive social services.

[The Urban Institute](#)

Urban Institute policy research includes topics such as adolescents and youth development, cities and metropolitan regions, labor markets, education, and welfare reform. The Institute has also developed [research databases](#) available online to the public.

National Associations And Organizations Involved in the Workforce Investment System

[American Society for Training and Development \(ASTD\)](#)

ASTD is a worldwide leader in improving performance in the workplace. The association responds to cross-cutting needs concerning career development and lifelong learning issues as they relate to business and industry, national and international governments, and individuals.

[Center for Workforce Preparation \(CWP\)](#)

An affiliate organization of the US Chamber of Commerce, CWP is the leader in workforce development strategies, assisting state and local chambers to help their members secure the quality workforce needed to compete in the 21st century economy.

[Center for Workforce Success \(CWS\)](#)

An affiliate organization of the National Association of Manufacturers, the mission of CWS is to find and promote workforce solutions for manufacturers in global economy, in order to build the workforce skills and creative contributions that American industry needs today to strengthen its competitive advantage tomorrow.

[International Association of Personnel in Employment Security \(IAPES\)](#)

IAPES' mission is to serve personnel in employment, unemployment, training and related programs; support administrators and their agencies; and enhance member development.

[Jobs for the Future \(JFF\)](#)

This organization partners with leaders in education, business, government and communities around the nation to strengthen opportunities for youth to succeed in postsecondary learning and high skill careers; increase opportunities for low-income individuals to move into family-supporting career; and meet the growing economic demand for knowledgeable and skilled workers.
