

# VALUABLE RECRUITING SERVICES...WITHOUT THE FEES

## Putting the “Grand” in Grand Opening

Safeway built a beautiful new 58,000 square-foot grocery store in Bend, but needed to hire over 100 workers, and fast.

Where could they find the qualified workers to open on time? The Oregon Employment Department searched for the right skills, organized the recruitment, set up interviews and even provided interview space for their coordinator.

By Grand Opening, Safeway had the staff they needed and had saved enough time and resources to focus back on their customers.
