Jean M. Grochowski  
U.S. Department of Labor  
Employment and Training Administration  
Region 5 Chicago  
230 S. Dearborn, Sixth Floor  
Chicago, IL 60604

Dear Ms. Grochowski:

Enclosed is Indiana's PY 2013 Annual Performance Report for the Workforce Information Core Products and Services Grant, and Indiana's Economic Analysis Report for the State Workforce innovation Council.

Highlights include:

- Continued enhancements to Indiana's premier Labor Market Information Website, *Hoosiers by the Numbers* – [www.hoosierdata.in.gov](http://www.hoosierdata.in.gov) including new Career Pathway Tools, and a new tool for regional (county) detailed data on employment by industry and occupation.
- Indiana's Statewide Long-Term Industry and Occupational Projections for 2022.
- Continued development of the State's Workforce and Education Longitudinal Warehouse linking workforce and education data to inform policy, and training programs.

We look forward to our continued work with you to meet ETA's goal, "to transform workforce information and services that support regional economies." If you have any questions regarding our progress in meeting the Workforce Information Core Products and Services deliverables, please do not hesitate to contact our Research and Analysis Interim Director (Allison Leeuw) 317-233-2697, [aleeuw@dwd.in.gov](mailto:aleeuw@dwd.in.gov)

Sincerely,

A handwritten signature in black ink, appearing to read "Scott Sanders".

Scott Sanders  
Commissioner  
Indiana Workforce Development

A handwritten signature in black ink, appearing to read "Paul Perkins".

Paul Perkins  
Chairman  
State Workforce Innovation Council
