Please join U.S. Department of Labor, U.S. Department of Education, and the U.S. Department of Health and Human Services for an update on the Workforce Innovation and Opportunity Act (WIOA). Agency leadership will share the federal vision for the workforce system under WIOA, discuss urgent actions states and local workforce areas are taking to support implementation, and take your questions. We encourage core partners at the state and local level to participate together where possible, and to use this as an opportunity to advance your collaboration around this landmark piece of workforce legislation.
