1.0 GENERAL INFORMATION ABOUT ASU'S

Areas of substantial unemployment (ASU's) are important factors in the distribution of selected WIA title 1 funds (chapters 4 and 5). The ASU designation process occurs annually and is done under the direction and guidance of the Bureau of Labor Statistics (BLS) and the Employment and Training Administration (ETA). *We received confirmation from BLS our Federal ASU's have been validated and submitted to ETA.*

1.1 ASU Designation Process

A **whole ASU** is an area that is composed of any combination of Local Area Unemployment Statistics (LAUS) areas and/or census-shared areas that meet the qualification requirements set by ETA. An **ASU part** is (1) a LAUS area, (2) a balance of county or (3) portion of a LAUS area that is census-shared from a whole LAUS area or balance of county.

1.2 ASU Qualification Requirements

- 1) **Population** of at least 10,000 persons based on Census Bureau figures
- 2) **Unemployment Rate** must be 6.5 % or greater for the 12-month average for the reference period (July 2011 benchmarked - June 2012)
- 3) A **geographic area** comprised of contiguous census tracts

2.0 DEVELOPING ASU'S

Federal ASU's are constrained by the state boundaries and can be a LAUS area (i.e. statewide, county, city, part of city, balance of county) in its entirety as long as the ASU qualification requirements are met. All ASU's were identified by using the approved census-share method. This method is used to designate part of a LAUS area as either an ASU part or a whole ASU. Labor force estimates for the census-shared areas are developed by applying census-share ratios to the current employment and unemployment estimates for the larger LAUS areas from which they are derived. The Federal ASU's are used nationally to determine Maryland's share of the total available federal dollars.

State ASU's are constructed in the same manner as the Federal ASU's however they are constrained by the WIA boundaries. The State ASU's are used to allocate Maryland's share of available federal dollars among the WIA's.

2.1 Data Sources Used

- 1) **2000 Census Data** - Beginning with PY 2007, the Census 2000 household-only employment and unemployment data were used in the methodology. The Employment and Training Administration (ETA) contracted with the Census Bureau for a special tabulation of household-only data that excluded persons living in group quarters. This eliminated the impact of the "Group Quarters" error.
- 2) **Local Area Unemployment Statistics Program (LAUS) Data** - The 12 month average employment and unemployment figures for the reference period July 2011 (benchmark) - June 2012 are used in the PY 2013 ASU designations.

3.0 MARYLAND ASUs

Below are the State ASU's for PY 2013:

Anne Arundel County WIA: This WIA includes 1 ASU consisting of 91 census tracts in the Balance of Anne Arundel County and Annapolis City.

Baltimore City WIA: This WIA includes 1 ASU consisting of 199 census tracts in Baltimore City.

Baltimore County WIA: This WIA includes 1 ASU consisting of 204 census tracts in Baltimore County.

Frederick County WIA: This WIA includes 1 ASU consisting of 27 census tracts in Frederick City and the Balance of Frederick County.

Lower Shore WIA: This WIA includes 1 ASU consisting of 34 census tracts in Somerset County, Salisbury City, the Balance of Wicomico County, and Worcester County.

Mid- Maryland WIA: This WIA includes 1 ASU consisting of 51 census tracts in Carroll County and Howard County.

Montgomery County WIA: This WIA includes 1 ASU consisting of 117 census tracts in Gaithersburg City, Rockville City and the Balance of Montgomery County.

Prince George's WIA: This WIA includes 1 ASU consisting of 183 census tracts in Bowie City, College Park City, and the Balance of Prince George's County.

Southern Maryland WIA: This WIA includes 1 ASU consisting of 42 census tracts in Calvert County, Charles County and St. Mary's County.

Susquehanna WIA: This WIA includes 1 ASU consisting of 61 census tracts in Cecil County and Harford County.

Upper Shore WIA: This WIA includes 1 ASU consisting of 40 census tracts in Caroline County, Dorchester County, Kent County, Queen Anne's County, and Talbot County.

Western Maryland WIA: This WIA includes 1 ASU consisting of 61 census tracts in Allegany County, Garrett County, Hagerstown City, and the Balance of Washington County.
