Department of  
Labor and Employment

Executive Director's Office  
633 17<sup>th</sup> Street, Suite 1200  
Denver, CO 80202-3660

September 25, 2015

Mr. David S. Lipnicky  
Federal LMI Project Officer  
Division of Fiscal Management and Administrative Systems  
U.S. Department of Labor, ETA  
525 S. Griffin Street, Room 317  
Dallas, TX 75202

Dear Mr. Lipnicky,

The Department of Labor and Employment is pleased to submit for your review:

1. The State of Colorado annual summary of work funded by the Employment and Training Administration's PY2014 Workforce Information Grants to States, and;
2. A letter of support from Ms. Toya Paynter, Chair of the Colorado Workforce Development Council.

As Ms. Paynter indicates, the Workforce Information Grants to States provides Colorado with resources to produce valuable, relevant and timely information on industries and occupations. This grant is fundamental to our ability to determine which industries and occupations are vital to the economic success of different regions within the state. The training programs, tools and products developed using these data assist Workforce Centers and their customers make critical career decisions. Local and state planners rely on these data when planning training and workforce development activities.

The Department of Labor and Employment takes great pride in the work accomplished by the Office of Labor Market Information during PY2014 and looks forward to another productive year of collaboration with the Workforce Development Council.

Sincerely,

Ellen Golombek  
Executive Director  
Colorado Department of Labor and Employment
