Subject **Addendum to WIG PY 15 Annual Performance Report**

v. Customer Consultations

In developing its PY 2015 Plan of Work, OLMRI consulted with and incorporated input from the administrators of Workforce Investment Act and Wagner-Peyser programming, the state/local workforce investment board, business services managers, and senior agency leadership. Throughout PY 2015, OLMRI regularly received feedback from internal agency partners, sister District entities, community-based non-profits, and the press. **But in past,** OLMRI did not solicit any formal feedbacks from external stakeholders. Moving forward in PY 2016, OLMRI is planning to *conduct a stakeholder satisfaction survey* to ensure that OLMRI is providing high quality and timely labor market information that meets their needs.
