Dear Ms. O'Brien;

The State of Maine is pleased to submit the Annual Performance Report for our Workforce Information Grant in program year 2015. The Center for Workforce Research and Information in the Maine Department of Labor produced a wide range of labor market information in the form of accessible data on our web site, blogs and other articles highlighting important workforce trends, and presentations to workforce boards, CareerCenter and other workforce development staff, and a wide range of other customers. These activities are consistent with requirements outlined in the Training and Employment Guidance Letter No. 39-14. A highlight of our efforts in 2015 and 2016 was a job vacancy survey, which has been a useful tool for us to identify areas to invest training resources.

If you have questions or need additional information, please contact Julie Rabinowitz, Acting Director of the Center for Workforce Research and Information at (207) 621-5009.

Sincerely,

Jeanne S. Paquette
Commissioner, Maine Department of Labor
