Dear Ms. O'Brien:

Enclosed is the Program Year 2015 Workforce and Labor Market Information Grant Annual Performance Report, as required by TEGL 39-14 (June 22, 2015). This report summarizes what New Hampshire was able to accomplish with support from the ETA Workforce Information funding.

We appreciate the assistance that the Employment and Training Administration has provided. It has allowed New Hampshire to develop information that meets the needs of workforce system staff, job seekers, and the business and economic development communities. With ETA support, New Hampshire has been able to prepare more current and local workforce information, draw together information from multiple data sources, and to provide the analysis needed by our different customers to make informed workforce-related decisions.

Thank you.

George N. Copadis
Commissioner
New Hampshire Employment Security
