## Overview of PY 2013Q1 WIASRD File

The Workforce Investment Act Standardized Record Data (WIASRD) is the major reporting system that the Department of Labor (DOL) uses to obtain information about the individuals served, services provided, and outcomes attained under Title I-B of the Workforce Investment Act (WIA).

Before PY 2009Q3, the WIASRD data were submitted annually by states to DOL. Since then, data have been submitted quarterly.

### Universe

The PY 2013Q1 Public Use WIASRD file contains information on individuals who were served by WIA programs between April 1, 2011 and September 30, 2013, the last quarter of PY 2010, all of PY 2011 and PY2012, and the first quarter of PY 2013. It contains everyone who began participation before October 1, 2013 and either exited on or after April 1, 2011 or had not exited as of June 30, 2013. It includes information on individuals served by local funds, statewide funds, or National Emergency Grants (NEGs). Individuals served only by some particular statewide programs are, however, excluded. Those excluded are individuals served only by rapid response, statewide incumbent worker programs, and other statewide programs that have been excluded from performance measurement because they are highly specialized or have their own specific goals.

### Information Provided by the WIASRD

The WIASRD provides information about individuals served by WIA Title I-B and NEG programs. The data are provided in three sections:

- A) Individual Information. This section provides basic information on WIA exiters, including date of birth, gender, race/ethnicity, disability status, and demographic characteristics. This information is gathered at application to the program or when eligibility for intensive services is determined and is not updated subsequently. For example, highest grade completed represents the education level at either application or when eligibility for intensive services is determined. It is not updated if the person completes additional education during program participation.
- B) American Job Center Program Participation. This section provides information on participation in WIA programs and participation in partner programs.
- C) American Job Center Services and Activities. This section provides information on the receipt of services, including core services, intensive services, the type of training received, and the receipt of supportive services. Services are counted if (1) they were funded by WIA or (2) they were partially or completely funded by partner programs and were coordinated with the individual's WIA activities, possibly through formal co-enrollment or by inclusion in the individual's WIA service plan. Reporting of most partner-funded services is optional.
- D) Program Outcomes Information. This section provides information on the outcomes received by WIA exiters. These outcomes typically represent achievements after exit from WIA. Many of these outcomes are based on data derived from UI wage records, which is the primary source of employment information. Due to the lags in availability of wage records, outcome data on the data file is missing for many exiters. These data will be collected in subsequent years' WIASRD submissions
- E) User Defined Fields. These fields are blank in the Public Use File to preserve participant confidentiality.
- F) Calculated Variables. This version of the WIASRD file contains calculated variables intended to make the data easier to use. These calculated variables were not submitted by states; rather they were calculated based on the standard WIASRD fields. They include calculations of the WIA performance measures. These data provide substantial information on WIA exiters, their characteristics, the services they receive, and the outcomes they attain.

## ***Data Structure***

There is generally one record for each person for a period of participation, regardless of the number of funding streams that served the individual.<sup>1</sup> Unique records are defined by three fields: the state, individual ID and the exit date. Records with overlapping periods of participation and records with periods of participation separated by less than 90 days are combined into a single record.

The data available for an individual depend on the funding streams that provided services to the individual. The four funding streams are:

- **Adult** local and statewide funds
- **Dislocated worker** local and statewide funds and National Emergency Grants
- **Older youth** (age 19 - 22) local and statewide funds
- **Younger youth** (age 14 - 18) local and statewide funds

For adults and dislocated workers the data available also depend on services received. Some data items are available only for adults and dislocated workers that received intensive or training services.

When items are not available for an individual, the data in the field is blank. **Blanks should not be treated as zero or 'no'**.

Because some items are available only for subsets of the data, the user should be aware of when the items being examined are available.

If an individual was served by more than one funding stream that person's data should include the data required for each of the serving funding streams. As a result, some items will be available in unexpected situations. For example, fields required only for adults and dislocated workers will be available for youth who also received adult services.

## ***Data Cleaning***

In developing the public use files, we conducted some limited data cleaning. Our approach to data cleaning was to make changes to the data only when there was a clear and obvious problem. Thus, the user of the data should not assume that the data have been completely cleaned. In particular, we:

- Removed invalid codes for categorical items
- Set to blank some data items in states that appeared to be reporting incorrectly. Only obvious problems were treated this way. Other cases of incorrect reporting may still exist at the state or LWIB level.
- Set to blank those items that were not supposed to be reported for a given funding stream or service mix.
- Set to blank outcomes when it was too soon to report complete data on the submission date.
- Recoded a few items where it was possible to correct invalid coding used by states.
- Combined duplicate records. Records with overlapping periods of participation or with periods of participation separated by less than 90 days are considered to be duplicates.
- Changed date formats from YYYYMMDD to MM/DD/YYYY.

---

<sup>1</sup> There are exceptions that allow multiple records for a person, such as when the individual is served independently by two WIA programs. However, these records have been combined in this data set.

Details on data cleaning are presented in Appendix B.

### ***Calculated Variables***

A set of calculated variables has been added to the file, starting with Item3000. These calculated variables are intended to make the file easier to use. All calculated variables are based solely on the data submitted by states. These calculated variables are listed in the record layout. Definitions of complex calculated variables are provided in Appendix C.

### ***Confidentiality***

The Public Use File has been modified to help assure participant confidentiality as follows:

- If a local area (WIB) had 50 or fewer exiters in a program year, those exiters were excluded from the file. This deletion, did not apply to statewide programs or NEG projects.
- The ID was changed using a one-to-one transformation.
- The date of birth was set to blank and a calculated integer age was provided.
- The NEG project IDs were set to blank if there were fewer than 3 exiters in a program year for any project ID. A calculated variable identifying NEG participants was provided.
- Several fields have been set to blank as noted in the detailed record layout in Appendix A.

### ***Changes from the PY 2012Q4 Public Use File***

The WIASRD record layout and reporting instructions were substantially changed beginning with PY 2013Q1. Major changes include:

- Many new fields were added. Reporting on these fields was often very incomplete, as noted in Appendix B.
- Most fields for receipt of a service were replaced by a field for the most recent date that the service was received.
- Yes/no fields are now coded '1' for yes and '0' for no (rather than '1' and '2' as used previously).
- There were also some other changes in codes for categorical fields. For example, a new code '4' for Post Graduate Degree was added to Type of Degree or Credential. As a result, codes that were previously '4' or higher were incremented by one.

### ***States Missing from the PY2013Q1 File***

Several states were unable to implement the changes in time to submit files for PY2013Q1, including California, Kentucky, Massachusetts, Michigan, Montana, and Washington. These states are not included in this file.

<b>SECTION A - INDIVIDUAL INFORMATION</b>												
<b>Section A.01: Identifying Data</b>												
100	Unique Individual Identifier	AN 12	Record the unique identification number assigned to the participant. At a minimum, this identifier for a person <u>must</u> be the same for every period of participation in the WIA Title I programs, including National Emergency Grants, and in every local area across the state and where the participant is receiving services or benefits financially assisted by the Wagner-Peyser, Veterans Employment and Training Service, and/or Trade Adjustment Assistance (TAA) programs. And, (2) provide unique identification number of potential "non participant" records, including those identified through Veteran "covered entrants" and TAA applicants that may or may not receive a participant service.	XXXXXXXXXXXX		R	R	R	R	R	R	R
101	State Code of Residence	AN 2	Record the 2-letter FIPS alpha code of the state of the primary domicile of the participant. For example, the State of Alabama would be represented as "AL." Primary domicile is that location established or claimed as the permanent residence or "home" of the participant.  If primary domicile is outside the United States, use the following numeric codes: 77 = All Other Countries 88 = Mexico 99 = Canada  For persons on active military duty, states should record the two-letter Air/Army Post Office (APO) or Fleet Post Office (FPO) as defined by the Military Postal Service Agency. AE (ZIPs 09xxx) for Armed Forces Europe which includes Canada, Middle East, and Africa AP (ZIPs 962xx - 966xx) for Armed Forces Pacific AA (ZIPs 340xx) for Armed Forces (Central and South) Americas  Leave blank if the State FIPS Code is not known.	XX	This field is blank in the public use file to preserve participant confidentiality. Please see calculated fields 3000 to 3000 to 3002, which provide the state that submitted the data.	O	R	R	O	R	R	R
102	County Code of Residence	IN 3	Record the 3-digit FIPS Code of the County of the primary domicile of the participant. Primary domicile is that location established or claimed as the permanent residence or "home" of the participant.  If primary domicile is outside the United States, use the following codes: 777 = All Other Countries 888 = Mexico 999 = Canada  Leave blank if the County FIPS Code is not known.	000	This field is blank in the public use file to preserve participant confidentiality.	O	R	R	O	R	R	R
103	Zip Code of Residence	IN 5	Record the 5-digit zip code of the primary domicile of the participant. Primary domicile is that location established or claimed as the permanent residence or "home" of the participant.  If primary domicile is outside the United States, use the following codes: 77777 = All Other Countries 88888 = Mexico 99999 = Canada  For persons on active military duty, states should record the zip code associated with the APO or FPO as defined by the Military Postal Service Agency.	00000	This field is blank in the public use file to preserve participant confidentiality. 104	Economic/Labor Market Area and Physical Location Code	IN 9	Record the code (maximum of 9-digits) of the economic/labor market area and physical location in which the participant received his/her first staff-assisted service financially assisted by the program. Grantees have the flexibility to use the first 5-digits of this field for identifying the economic region or labor market area in which the participant began receiving staff-assisted services. The next 4-digits of this field should be used to identify the physical location in which the participant began receiving staff-assisted services. Unless otherwise specified by ETA, codes contained within this field are determined by the grantee.  Record 999999999 to indicate "statewide/virtual office" if the participant only received remote or virtual self-service or informational activities. Record 000000000 if not known.  A physical location means a designated American Job Center, an affiliated American Job Center partner site, or other specialized centers and sites designed to address special customer needs, such as a company work site for dislocated workers.	000000000	This field is blank in the public use file to preserve participant confidentiality. 202	Individual with a Disability	IN 1	Record 1 if the participant indicates that he/she has any "disability," as defined in Section 3(2)(a) of the Americans with Disabilities Act of 1990 (42 U.S.C. 12102). Under that definition, a "disability" is a physical or mental impairment that substantially limits one or more of the person's major life activities. (For definitions and examples of "physical or mental impairment" and "major life activities," see paragraphs (1) and (2) of the definition of the term "disability" in 29 CFR 37.4, the definition section of the WIA non-discrimination regulations.) If the response is yes, answer data element #203. Record 0 if the participant indicates that he/she does not have a disability that meets the definition. 402	Occupational Code of Most Recent Employment Prior to Participation (if available)	IN 8	Record the 8-digit occupational code that best describes the participant's employment using the O*Net Version 4.0 (or later versions) classification system. This information is based on the most recent job held before participating in the program. Leave blank if occupational code is not available or not known, or the data element does not apply.  Additional Notes: This information must be based on the most recent job held prior to participating in the program and only applies to adults, dislocated workers and older youth. If all 8 digits of the occupational skills code are not collected, record as many digits as are available. If the individual had multiple jobs, use the job where the individual had the highest gross wage.	00000000		O	R	R	O	R	R	R <sup>OY</sup>
403	Industry Code of Employment 1st Qtr. Prior to Participation	IN 6	Record the 4 to 6-digit industry code that best describes the individual's employment using the North American Industrial Classification System (NAICS). If more than one NAICS is reported, then the NAICS associated with the highest gross wage should be reported. 1	General issues	CA	None	No data submitted.
1	General Issues	KY	None	No data submitted.
1	General Issues	MA	None	No data submitted.
1	General Issues	MI	None	No data submitted.
1	General Issues	MT	None	No data submitted.
1	General Issues	WA	None	No data submitted.
1	General Issues	All	Records with no funding stream (other than rapid response or statewide incumbent worker) are excluded	Individuals with rapid response and statewide incumbent worker programs only were not to be reported in the WIASRD. Note that individuals served only by rapid response, additional assistance, are included.
1	General Issues	All	Deleted records for self-service users in AZ, AK, AR, CT, CA, CO, DE, DC, GA, HI, IA, ID, IL, IN, KS, KY, LA, MA, MD, ME, MI, MO, MN, MT, NE, NH, NJ, ND, NV, NM, NY, OH, OK, OR, PA, PR, RI, SC, SD, TN, TX, VI, UT, VA, WA, WV, WI, and WY.	These states submitted records for adults and/or dislocated workers who received only self-services and informational activities. These records were deleted from the file so that the data for these states would be comparable to the data for other states.
1	General Issues	All	Various.	PA, TX, and UT submitted data in a different format than the other states. Both states submitted using the proposed OSCCR (formerly called WISPR) format. To the extent possible, the fields in these formats were converted to the standard WIASRD format.  In addition, both PA and TX had waivers that absolved them from submitting some data needed to calculate the standard WIA performance measures, but not needed for the common measures.
1	General Issues	AR	None.	State did not include exiters from 4/1/2011 to 6/30/2011 in their PY 2013Q1 submission.
1	General Issues	AZ	None.	State did not include exiters from 4/1/2011 to 6/30/2011 in their PY 2013Q1 submission.
1	General Issues	DE	None.	State did not include exiters from 4/1/2011 to 6/30/2011 in their PY 2013Q1 submission.
1	General Issues	ID	None.	State did not include exiters from 4/1/2011 to 6/30/2011 in their PY 2013Q1 submission.
1	General Issues	KS	None.	State did not include exiters from 4/1/2011 to 6/30/2011 in their PY 2013Q1 submission.
1	General Issues	MO	None.	State did not include exiters from 4/1/2011 to 12/31/2011 in their PY 2013Q1 submission.
1	General Issues	OK	None.	State did not include exiters from 4/1/2011 to 6/30/2011 in their PY 2013Q1 submission.
1	General Issues	PR	None.	State did not include exiters from 4/1/2011 to 6/30/2011 in their PY 2013Q1 submission.
1	General Issues	SD	None.	State did not include exiters from 4/1/2011 to 6/30/2011 in their PY 2013Q1 submission.
1	General Issues	TX	None.	State did not include exiters from 4/1/2011 to 6/30/2011 in their PY 2013Q1 submission.
1	General Issues	IN	None	IN shows abnormally few new participants in the quarter from 7/1/2013 to 9/30/2013-- just 138 as compared to 9,101 in the previous quarter. This cannot be correct.

2	Confidentiality Issues	All	<p>If a local area (WIB) had 50 or fewer exiters in a program year, those exiters were excluded from the file. This deletion, did not apply to statewide programs or NEG projects</p> <p>Set State of Residence, County of Residence, and Zip Code of Residence to blank</p> <p>Date of birth was changed to blank</p> <p>NEG grant numbers were changed to blank if the project had 3 or fewer records in a program year.</p>	These changes were made to help assure individual confidentiality.
3	Duplicate Records	All	Combined duplicate and overlapping records into a single record.	<p>Combined records with the same ID and state if they had overlapping periods of participation or periods of participation separated by less than 90 days. These situations should be treated as a single record.</p> <p>There were a 9,310 duplicate and overlapping records; 8,845 in Oregon</p>
3	003 Duplicate Records	OR	Combined duplicate and overlapping records into a single record.	There were in 8,845 records that had the same ID and overlapping periods of participation or periods of participation separated by less than 90 days. These situations should be treated as a single record.

204	Ethnicity Hispanic / Latino	CO	Changed '9' (not disclosed) to '0' (no)	State reported mostly '1's and '9's and few '2's (no). It seems likely that '9' really means no.
204	Ethnicity Hispanic / Latino	CT	Changed '9' (not disclosed) to '0' (no)	State reported mostly '1's and '9's and no '2's (no). It seems likely that '9' really means no.
204	Ethnicity Hispanic / Latino	NJ	Changed '9' (not disclosed) to '0' (no)	State reported 44% code '9' (not disclosed) and reasonable percentages of Hispanics among all records. It is likely that '9' really means no.
204	Ethnicity Hispanic / Latino	NV	None	State reported 26% code '9' (not disclosed).
204	Ethnicity Hispanic / Latino	NY	Changed '9' (not disclosed) to '0' (no)	State reported 60% code '9' (not disclosed) and reasonable percentages of Hispanics among all records. It is likely that '9' really means no.
204	Ethnicity Hispanic / Latino	VI	Changed '9' to '0' (no) for exit dates before 4/1/2012	State has 12% code '9' (not disclosed). The frequency of not disclosed data is higher and the percentage 'no' is unreasonably low for exit dates before 4/1/2012. Although the yes's outnumber no's it seems likely that not disclosed means no because the proportion Hispanic is much higher than proportion for the full population in VI (14%).
204	Ethnicity Hispanic / Latino	WV	None.	State reported 83% code '9' (not disclosed) and only 16% '2's (no).
204	Ethnicity Hispanic / Latino	IN	None	State has about 12% code '9' (not disclosed). This is a large amount of not disclosed.

410	Highest School Grade Completed	All	None, except as noted below	This field requires high school graduates to be reported as code '87' and code '12' to be used for individuals who completed the 12 <sup>th</sup> grade but did not graduate. Before PY 2005, code '12' was used for all individuals who completed the 12 <sup>th</sup> grade, including those who graduated. The file has many more '12's than one would expect. It is likely that many of these '12's are really graduates. Only the most clearly erroneous '12's have been changed to '87', as indicated below.

No.	DATA ELEMENT NAME	State	Action	Problem
410	Highest School Grade Completed	All	Changed code '12' to code '87' for individuals with education status at participation (Item 130) = 3 (high school graduate attending postsecondary school) or '5' (high school graduate not attending school)	The coding for highest grade completed was changed for PY 2005. '12' now means completed the 12 <sup>th</sup> grade but did not graduate. Code '87' is now used for high school graduates. We assume that those with highest grade completed of '12' are really graduates if the education status field indicates that they are graduates
410	Highest School Grade Completed	IA	Changed 'code 12' to code '87' for adults and dislocated workers with participation dates before the dates in parentheses in WIBs 19080 (4/1/2010), 19095 (1/1/10), 19120 (10/1/2009), 19130 (4/1/2010), 19135 (7/1/2009), 19150 (7/1/2009), 19901 (10/1/2009)	These WIBs reported more adults and dislocated workers with highest grade completed '12' than high school graduates. It is likely that most of the individuals with highest grade completed '12' are really graduates. These WIBs seem to have fixed the problem after the noted participation dates. The youth data for these WIBs look reasonable.
410	Highest School Grade Completed	UT	Changed 'code 12' to code '87' for adults and dislocated workers in WIB 49050	This state reported more adults and dislocated workers with highest grade completed '12' than high school graduates. It is likely that most of the individuals with highest grade completed of 12 are really graduates.
410	Highest School Grade Completed	IA	Changed '0' to blank for adults and dislocated workers with participation dates before the dates in parentheses in WIBs 19080 (4/1/2010), 19090 (10/1/2009), 19095 (1/1/2010), 19120 (4/1/2010), 19130 (4/1/2010), 19135 (7/1/2009), 19150 (10/1/2009), 19901 (1/1/2010)	These WIBs have more than 3% '0' for adults and dislocated workers before the indicated participation date, but fewer afterwards. The '0's are probably blank data.
410	Highest School Grade Completed	MO	Changed to blank if '0' for adults and dislocated workers.	Highest grade completed not reported ('0') for 15% of adults and dislocated workers. Highest grade completed is now required for adults and dislocated workers who receive staff assisted core services.
410	Highest School Grade Completed	NJ	Changed '0' to blank for youth in WIB 34025 for participation dates before 7/1/2009 and in WIBs 34020 and 34035 for participation dates before 1/1/2009	These WIBs have more than 3% '0' for youth before the indicated participation date, but fewer afterwards. The '0's are probably blank data.
410	Highest School Grade Completed	NY	Changed '0' to blank for adults and dislocated workers in WIB 36015 (NYC) for participation dates before 10/1/2007	This WIB has more than 3% '0' for adults and dislocated workers before the indicated participation date, but fewer afterwards. The '0's are probably blank data.
410	Highest School Grade Completed	OR	Changed '0' to blank for adults and dislocated workers in WIBs 41015, 41060, 41075, and 41901 for participation dates before 4/1/2010	These WIBs have more than 3% '0' for adults and dislocated workers before the indicated participation date, but fewer afterwards. The '0's are probably blank data.
410	Highest School Grade Completed	RI	Changed '0' to blank for adults and dislocated workers in WIB 44903 with participation dates before 1/1/2013	This WIB has more than 3% '0' for adults and dislocated workers before the indicated participation date, but fewer afterwards. The '0's are probably blank data.
410	Highest School Grade Completed	TX	Changed '0' to blank for adults and dislocated workers in WIB 48245	This WIB has more than 3% '0' for adults and dislocated workers. The '0's are probably blank data.

410	Highest School Grade Completed	UT	Changed '0' to blank for adults and dislocated workers in WIB 49050 for participation dates on or after 4/1/2011	This WIB has more than 3% '0' for adults and dislocated workers after the indicated participation date, but fewer before. The '0's are probably blank data.
410	Highest School Grade Completed	AK	None.	Highest grade completed not reported (blank) for 99% of adults and dislocated workers who received only staff assisted core services. Highest grade completed is now required for adults and dislocated workers who receive staff assisted core services.
410	Highest School Grade Completed	MN	Changed to blank if '0' for adults and dislocated workers who did not receive intensive or training services in WIB 27010.	This WIB has more than 3% '0' for adults and dislocated workers who did not receive intensive or training services. The '0's are probably blank data.
410	Highest School Grade Completed	MS	Changed to blank if '0' for adults and dislocated workers who did not receive intensive or training services in WIBs 28085 and 28901.	These WIBs have more than 3% '0' for adults and dislocated workers who did not receive intensive or training services. The '0's are probably blank data.
410	Highest School Grade Completed	NJ	Changed to blank if '0' for adults and dislocated workers who did not receive intensive or training services.	Highest grade completed not reported ('0') for 98% of adults and dislocated workers who received only staff assisted core services. Highest grade completed is now required for adults and dislocated workers who receive staff assisted core services.
410	Highest School Grade Completed	NV	Changed to blank if '0' for adults and dislocated workers who did not receive intensive or training services.	Highest grade completed not reported ('0') for all adults and dislocated workers who received only staff assisted core services. Highest grade completed is now required for adults and dislocated workers who receive staff assisted core services.
410	Highest School Grade Completed	NY	Changed to blank if '0' for adults and dislocated workers who did not receive intensive or training services.	Highest grade completed not reported ('0') for 99.9% of adults and dislocated workers who received only staff assisted core services. Highest grade completed is now required for adults and dislocated workers who receive staff assisted core services.
410	Highest School Grade Completed	OR	Changed '0' to blank for adults and dislocated workers who did not receive intensive or training services in WIB 41902 (rapid response)	This WIB has more than 33% '0' for adults and dislocated workers. The '0's are probably blank data.
410	Highest School Grade Completed	PR	Changed '0' to blank for adults and dislocated workers who did not receive intensive or training services in WIB 72903 (statewide programs)	This WIB has more than 6.5% '0' for adults and dislocated workers who received only staff-assisted core services and no blank data. The '0's are probably blank data.
410	Highest School Grade Completed	TN	None.	Highest grade completed not reported (blank) for 97% of adults and dislocated workers who received only staff assisted core services. Highest grade completed is now required for adults and dislocated workers who receive staff assisted core services.
410	Highest School Grade Completed	TX	Changed '0' to blank for adults and dislocated workers who did not receive intensive or training services in WIBs 48005, 48140, 48175, 48205, 48245, and 48255.	These WIBs have more than 3% '0' for adults and dislocated workers who did not receive intensive or training services. The '0's are probably blank data.

Records for individuals with '2' (no) or blank for all WIA programs or Rapid response or Incumbent worker only should not have been submitted. Rapid response additional assistance only records are included in the file.
905 to 922	WIA Programs	All	Changed blank data (blank) to '0' (no)	If a yes does not appear for a WIA program, we assume the individual did not participate in that program, except as noted below.
905 to 922	WIA Programs	All	Changed code '9' (unable to track) to '0' (no)	We assume that states can track participation in these WIA programs and thus code '9' really means no.
905 to 922	WIA Programs	UT	Changed code '9' (unable to track) to '0' (no) (Changed made for all states)	Code '9' (unable to track) was reported for several WIA programs (e.g., for all records for Item 909, Dislocated Worker Statewide Programs. Although code '9' is a valid code, it should be known whether or not a person participated in these programs. If a program does not exist in the state or a person did not participate in a program, code '0' (no) should be reported.
908	Youth (Statewide 15% Activities)	All	Changed to blank for individuals who were not youth	Valid only for youth.
908	Youth (Statewide 15% Activities)	NY	None	State reported that 37% of youth were in both local and statewide programs (code '2'). Most states are under 5%.
908	Youth (Statewide 15% Activities)	TN	None	State reported that 32% of youth were in statewide programs (17% in statewide programs only (code '1') and 15% in both local and statewide programs (code '2')). Most states are under 5%.
911	Incumbent Worker (Statewide 15% Activities)	NH	Changed '2' (local funds) to '0' (no)	All records were coded as '2' (incumbent worker, local funds). This is not possible. Code '2' must mean 'no'.
911	Incumbent Worker (Statewide 15% Activities)	TN	Changed '2' (local funds) to '0' (no)	98.9% records were coded as '2' (incumbent worker, local funds). All workers were coded as either code '1' or code '2'. Most of those coded '2' were not employed at participation and are unlikely to be incumbent workers. This is not possible. Code '2' must mean 'no'.
911	Incumbent Worker (Statewide 15% Activities)	AK	None.	33% of records were coded as '2' (incumbent worker, local funds). This is extremely high. All other states are less than 1%. Code '0' should be used for no. About 90% were not employed at participation, so it is unlikely that they qualified as incumbent workers.
921	Rapid Response	All	Changed to blank if not a dislocated worker.	This field is collected only for dislocated workers. This change makes data consistent among states.
921	Rapid Response	IL	Set rapid response = '1' (yes) if a most recent date received rapid response (Item 1403) is reported for a dislocated worker.	State reported inconsistencies between received rapid response and most recent date received rapid response. 4% of persons with Rapid Response '0' (no), have reported most recent date received rapid response. 1600, 1601, and 1602	Wages in the 3 <sup>rd</sup> , 2 <sup>nd</sup> , and 1 <sup>st</sup> quarters before participation	All	Changed blank values to zero for adult and dislocated worker exiters and for older youth (3rd and 2nd quarters before only) exiters (same change as for all states)	We assume that blank means zero.
1600, 1601, and 1602	Wages in the 3 <sup>rd</sup> , 2 <sup>nd</sup> , and 1 <sup>st</sup> quarters before participation	All	Values of 999999 or 999999.99 were changed to blank	These values previously signified that the state was unable to obtain the wage record information because the quarter was too far back in time to access easily.
1600, 1601, and 1602	Wages in the 3 <sup>rd</sup> , 2 <sup>nd</sup> , and 1 <sup>st</sup> quarters before participation	All	Changed negative values to '0'	Cannot have negative wages.

1600, 1601, and 1602	Wages in the 3 <sup>rd</sup> , 2 <sup>nd</sup> , and 1 <sup>st</sup> quarters before participation	All	Changed to blank for those who have not exited and those with exit dates on or after 7/1/2013	States may not be collecting data for those who have not exited and for those with exit dates after 4/1/2013 (complete exit data are not available for exits on or after 7/1/2013 with this submission and many states show no such exiters). Many states show low percentages with positive earnings for these exiters.
1600, 1601, and 1602	Wages in the 3 <sup>rd</sup> , 2 <sup>nd</sup> , and 1 <sup>st</sup> quarters before participation	AK	Changed blank values to '0' (same change as for all states)	State reported many blank wages, but very few '0' wages for exiters before 4/1/2012. Positive wages are normal for exiters before 4/1/2012. For exiters after 4/1/2012, there was somewhat less blank wages and more '0' wages, and somewhat lower positive wages. It is likely that the blank really mean '0'. If the wage records for the quarter were checked and the individual was not found, '0' should be reported, not blank or 999999.99.
1600, 1601, and 1602	Wages in the 3 <sup>rd</sup> , 2 <sup>nd</sup> , and 1 <sup>st</sup> quarters before participation	AL	Changed blank and 999999.99 to '0'	State reported many 999999.99 (too soon to determine) but almost no '0's. They have a normal amount of positive wages. It is likely that the blank and 999999.99 really mean '0'. If the wage records for the quarter were checked and the individual was not found, '0' should be reported, not blank or 999999.99.
1600, 1601, and 1602	Wages in the 3 <sup>rd</sup> , 2 <sup>nd</sup> , and 1 <sup>st</sup> quarters before participation	CO	Changed blank values to '0' (same change as for all states)	State reported many blank preprogram wages, but no '0' wages. 1600, 1601, and 1602	Wages in the 3 <sup>rd</sup> , 2 <sup>nd</sup> , and 1 <sup>st</sup> quarters before participation	NC	None.	State reported abnormally low percentages of individuals with positive preprogram earnings (less than 10% for adults and dislocated workers). These percentages were much lower than the state reported in its PY2012Q4 submission (more than 50% for adults and dislocated workers).
1600, 1601, and 1602	Wages in the 3 <sup>rd</sup> , 2 <sup>nd</sup> , and 1 <sup>st</sup> quarters before participation	NH	Changed blank values to '0' (same change as for all states)	State reported many blank preprogram wages, but no '0' wages. 1600, 1601, and 1602	Wages in the 3 <sup>rd</sup> , 2 <sup>nd</sup> , and 1 <sup>st</sup> quarters before participation	IN	Changed to blank for exit dates on or after 1/1/2013	Many fewer positive wages for these exiters than for earlier exiters.
1600, 1601, and 1602	Wages in the 3 <sup>rd</sup> , 2 <sup>nd</sup> , and 1 <sup>st</sup> quarters before participation	SD	Changed to blank for exit dates on or after 1/1/2013	Many fewer positive wages for these exiters than for earlier exiters and no or few values of 999999.99 (too soon to collect data) and high '0's.
1602	Wages 1st Quarter Prior to Participation Quarter	All	Changed to blank for older youth who are not also adults or dislocated workers	Not required for older youth.
1602	Wages 1st Quarter Prior to Participation Quarter	UT	Changed to blank	Many fewer positive wages in the quarter before participation were reported in the 2013Q1 submission than were reported for the same exiters in the 2012Q4 submission (about 5% in the 2013Q1 data and about 50% in the 2012Q4 data).
1603, 1604, 1605, and 1606	Wages in Quarters 1, 2, 3, and 4 after Exit	All	Changed blank, 999999.99, 99999 to '0' except when specifically changed to blank	Code 999999.99 was intended to capture cases when it was too soon to capture wage record data—should occur for all or no exiters in a quarter. If it occurs for all or many exiters in a quarter, then was set to blank above.
1603, 1604, 1605, and 1606	Wages in Quarters 1, 2, 3, and 4 after Exit	All	Values over 999999.99 were changed to blank	We assume such values are invalid.

1603, 1604, 1605, and 1606	Wages in Quarters 1, 2, 3, and 4 after Exit	All	Changed negative values to '0'	Cannot have negative wages.
1603, 1604, 1605, and 1606	Wages in Quarters 1, 2, 3, and 4 after Exit	AL	None	State reported very low percentages of positive wages and employment in the quarter after exit for exiters from 4/1/2011 to 9/30/2011 and in the 2nd quarter after exit for exiters from 4/1/2011 to 6/30/2011. These showed much less employment than was shown for the same exiters in the 2012Q4 submission. For example, the 2013Q1 submission shows 5% of adults and dislocated workers with positive wages in the quarter after exit for exiters from 4/1/2011 to 6/30/2011. The 2112Q4 submission showed 64% for the same exiters.
1603, 1604, 1605, and 1606	Wages in Quarters 1, 2, 3, and 4 after Exit	PR	None	State reported very low percentages of positive wages and employment in the quarter after exit for exiters from 10/1/2012 to 12/31/2012, in the 2nd quarter after exit for exiters from 7/1/2012 to 9/30/2012, in the 3rd quarter after exit for exiters from 4/1/2012 to 6/30/2012, and in the 4th quarter after exit for exiters from 1/1/2012 to 3/31/2012. These showed much less employment than was shown for previous exit quarters.
1603, 1604, 1605, and 1606	Wages in Quarters 1, 2, 3, and 4 after Exit	UT	Changed blank and 999999.99 to '0' (same change as for all states)	State reported some blank wages. If the wage records for the quarter were checked and the individual was not found, '0' should be reported, not blank or 999999.99. Wages in the first and third quarters after exit were blank for more than 45% of younger youth.
1603, 1604, 1605, and 1606	Wages in Quarters 1, 2, 3, and 4 after Exit	OH	None	Very low percentage of wages are positive for youth due to the use of supplemental data to determine employment (>75% of employment).
1700	Type of Recognized Credential	All	None	The codes for this field were changed beginning with the PY 2013Q1 submission. A new code '4' (postgraduate) was added. Previously, the codes ranged from '1' to '6'. Currently, they range from '1' to '7'. Many states did not implement the change.
1700	Type of Recognized Credential	All	Changed blank to '0' (no) if older youth or if an adult or dislocated worker who received training	Assume blanks are '0' (no) when required.
1700	Type of Recognized Credential	All	Changed to blank for adults and dislocated workers who did not receive training (as defined above) and were not older youth	Some states reported credential for individuals who were not recorded as receiving training. Credential counted only for those adults and dislocated workers who received training.

1700	Type of Recognized Credential	All	If credential is blank or '0' (no) for older youth and date attained degree or certificate is on or before the end of the 3rd quarter after the exit date then: -Changed to '1' (High School/GED) if attained degree or certificate (1704) is '1' (High School) or '2' (GED) -Changed to '6' (Occupational Skills Certificate/ Credential) if attained degree or certificate (1704) = '3' (Post Secondary Degree)	Many states have abnormally low values of credential for older youth but have similar data in attained degree or certificate (item 1704). Those with '1' (high school diploma) or '2' (GED) in attained degree or certificate are set to '1' (high school diploma/GED) in credential. Those with '3' (certificated or other postsecondary degree/diploma) are set to '6' (occupational skills certificate/credential) in credential because the later is the most common postsecondary outcome for older youth in states with complete credential data.
1700	Type of Recognized Credential	MS	None	State reported abnormally low values of credential attainment for adults and dislocated workers. This state has waiver from using the employment and credential performance measure for adults and dislocated workers and may not be reporting complete data.

1704	Attained Degree or Certificate	All	For older youth, changed blank to the appropriate value based on Item 1700, Type of Recognized Credential, as follows: Changed to '1' if Item 1700 = '1' Changed to '3' if Item 1700 is '2', '3', '4', or '5' or '6'. Changed to '0' otherwise  Also changed the date attained degree or certificate to the earlier of the last day of the submission quarter and the day before the end of the 3rd quarter after exit.	Both items are required for older youth and report similar information. Item 1700 codes are '1' (High School Diploma/GED), '2' (AA or AS degree), '3' (BA or BS), '4' (Postgraduate Degree), '5' (Occupational Skills Licensure), and '6' (Occupational Skills Certificate/Credential).
1704	Attained Degree or Certificate	All	Changed '1' (high school diploma) and '2' (GED) to '0' (no) if the youth had a secondary school diploma at participation (Highest grade completed is '87', '88', '91', '16', or '17' OR School status at participation was '3' or '5')	A high school diploma can be attained only if the youth was not a high school graduate at participation. We treat the youth as a graduate at participation if Item 129, School Status at Participation, is '3' (Received secondary school diploma or equivalent and is attending a postsecondary institution) or '5' (High school graduate not attending school) or if Item 122, Highest Grade Completed, is '87' (High school diploma), '88' (GED), '91' (Associates diploma or degree), '16' (Bachelor's degree) or '17' (education beyond Bachelor's degree)

No.	DATA ELEMENT NAME	State	Action	Problem
1704	Attained Degree or Certificate	AK	None	AK shows very low levels of degree attainment for youth who exited on or after 7/1/2012. None were reported for youth who exited on or after 10/1/2012.
1704	Attained Degree or Certificate	All	Changed blank to '0' (no) for youth who have exited	This information is required for the younger youth diploma rate. If the data is not reported, we assume that the youth did not receive a diploma.
1704	Attained Degree or Certificate	MN	Changed blank to '0' (no) for youth who have exited (same change as for all states)	There is 26% blank data for older youth who have exited in the state. This field was new for older youth in PY 2005. Code '4' is to be used for 'no'. This data is to be reported for all youth who have exited.
1704	Attained Degree or Certificate	PA	Changed blank to '0' (no) for youth who have exited (same change as for all states)	There is 38% blank data for youth who have exited in the state. No '0's were reported. Code '0' is to be used for 'no'. This data is to be reported for all youth who have exited.
1704	Attained Degree or Certificate	UT	Changed blank to '0' (no) for youth who have exited (same change as for all states)	There is 44% blank data for youth who have exited in the state. No '0's were reported. Code '0' is to be used for 'no'. This data is to be reported for all youth who have exited.
