<sup>1</sup> Equity indicators address Job Service controllable services and include, at a minimum, individuals referred to a job; receiving counseling; receiving job development; receiving some service; and referred to supportive service. All states are required to achieve the equity levels. Achieving equity occurs when the ratio of services to MSFWs over the services to non-MSFWs is greater than or equal to one.

| State           | Total Applications | Referred to jobs | Received staff assisted services | Referred to support service | Career guidance | Job Development Contact |
