The U.S. Department of Labor’s TAACCCT grant program is a major investment in building the capacity of community colleges. Grant funds are not used for tuition, but to create or enhance programs of study that lead to industry-recognized credentials, upgrade equipment, support student success toward completion, and more. TAACCCT supports colleges to better serve workers eligible for training under the TAA for Workers program, as well as a broad range of other adults.

Examples from Texas

**Industry Emphasis of Programs of Study**
- Information Technology
- Healthcare
- Manufacturing
- Transportation
- Energy

To find free and open career and technical training resources produced by colleges using TAACCCT funds, visit [https://www.skillscommons.org/](https://www.skillscommons.org/).

**Texas Example**: The National Information, Security, and Geospatial Technology Consortium (NISGTC) contributed over 100 learning resources, including syllabi, curricula, assignments, and learning modules covering subjects including Geospatial Information Systems, data visualization, entrepreneurship, and cybersecurity.

**Statewide Outcomes to Date**
- 50 programs
- 10,537 participants
- 6,113 credentials

**Programs Launched**
- = 10 programs

**Participants**
- = 1,000 participants

**Credentials Earned**
- = 1,000 credentials
