## The Air Washington Project

**A consortium of eleven colleges, training 2615 workers in aerospace programs in four focus areas and guiding businesses towards AS9100 certification.**

- Advanced Manufacturing/Composites**
- Aircraft Assembly**
- Airframe and Powerplant Maintenance**
- Avionics/Electronics**

## GOAL

**Increase the aerospace skills of  
Washington State's workforce and  
businesses**

- **Industry/Business Partners**
- **Seven Workforce Development Councils (WDC)**

## **BUSINESS EDUCATION**

**Educating Washington State businesses will increase aerospace manufacturing output and create additional workforce demand.**

- **AS9100 certification & CATIA**

## INDUSTRY

**Shared commitments such as guaranteed job interviews upon successful completion of aerospace training**

- **Provides subject matter expertise**
- **Serves on executive advisory board for direction and insight**

## Workforce Development Councils

- Career guidance navigators
- Focus and attention on diversity
- Community-based champion
- Localized veterans connection

## Washington State Commitment

### *Governor Gregoire's Directive*

- **Aerospace Joint Apprenticeship Committee (AJAC)**
- **Aerospace Council**
- **Parallel state supported initiatives**
