Petition for Trade Adjustment Assistance (TAA)

Section 3. Trade Effects on Separations

1. To the best of your knowledge, provide reasons why you believe that separations that have occurred or may be threatened at the workers' firm are due to foreign trade. (Example: Production has been/is being shifted to a foreign country, services are being outsourced to a foreign country, increased imports of articles or services, loss of business with a TAA-certified firm.)

The TIMET Henderson, NV plant, which began laying off 300 employees in April 2020, currently has a TAA Petition in review. The Henderson facility supplied 100% of the material used at the TIMET Toronto, OH facility. Based on this and the attached information, the USW believes that foreign trade is a factor in the downsizing and layoff of approximately 300 employees at the facility in Toronto, NV.

2. If you possess any additional information or documents that you believe may assist in the determination of whether the worker group is eligible for TAA benefits, submit it as an attachment to the Petition Form. Check the box below if you have attached any additional information or supporting documents.

I have attached additional information or supporting documents.

3. Provide contact information for two company officials, one of whom should be a dislocated worker's supervisor. Either separately or together, these officials should be familiar with all of the following: employment, job functions, and sales or production at each job location.
