

Petition for Trade Adjustment Assistance (TAA) for Workers

INSTRUCTIONS FOR COMPLETING THE FORM

Background. The TAA for Workers program (TAA Program) is authorized under Title II of the Trade Act of 1974, as amended (19 U.S.C. § 2271 et seq.) (the Act). The TAA Program provides workers who have been adversely affected by foreign trade with opportunities to obtain skills, credentials, resources, and support necessary to become reemployed. The TAA Program offers the following benefits and services to eligible workers: employment and case management services, training, out of area job search and relocation allowances, income support through Trade Readjustment Allowances, and the Reemployment Trade Adjustment Assistance benefit for workers aged 50 or older who find qualifying reemployment. Filing a petition is the first step in qualifying for TAA Program benefits and services. In response to the filing of a Petition, the Department of Labor (Department) conducts an investigation to determine whether foreign trade contributed importantly to the workers' job separation or threat of job separation. After the investigation, the Department determines worker group eligibility to apply for TAA Program benefits and services. A state workforce agency representative will notify workers in a certified group of the determination, at which time the individual workers may apply for benefits and services at a local American Job Center. For a worker to be eligible for benefits and services, the worker must be part of a worker group that has been certified under a petition filed with the Department. Additional information is available on our website at: <https://www.doleta.gov/tradeact/>.

Filing Instructions. A petition for certification of eligibility to apply for adjustment assistance for a group of workers must be filed simultaneously with the Secretary of Labor and with the Governor of the State in which such workers' firm is located. Information provided on the petition form will be used for the purposes of determining worker group eligibility, and providing notice to the general public that the petition has been filed and whether the worker group is eligible to apply for TAA Program benefits and services. A valid petition form, including attachments, is treated as a public document.

Amendments to active existing TAA certifications will be investigated based on the information provided by the petitioner(s) on the TAA petition form. If the petitioners would like the Department to consider whether an amendment to an existing certification is appropriate, the petitioners should include in the petition any information they would like considered and can include a statement that they believe that an amendment would be appropriate. Identifying a petition as an amendment request does not preclude or limit a full investigation of the petition.
